SHOT THROUGH SEWER

...ling Experience of an Employe in New York.

RESCUED AY HIS COMRADES

...g the Breaking of a Rope John Hoffman Was Hurled Through Big Sewer and Lands Way Out Into the Harlem River.

New York, Sept. 27.—John Hoffman, 55 years old, an employee in the bureau of sewers, was dropped into a five-foot sewer in Third avenue, near One Hundred and Twenty-fifth street ,owing to the breaking of a rope and shot through the sewer to its terminus at Harlem river and One Hundred and Thirty-first street. That the man came out alive is considered remarkable.

With a gang of several other employes, Hoffman was at work repairing the main sewer. The men had almost finished their labors when a heavy rain-storm started in.

Hoffman was down in the hole about four feet above the swiftly flowing sewer. Around his waist was a rope which was held by the men in the street above. As the water poured into the various sewers leading into the main pipe, the water rose higher and the rope broke. Hoffman falling into the water.

His fellow workmen instantly dashed up the avenue to One Hundred and Thirty-first street, where the sewer empties into the Harlem river.

Just as they reached the spot, Hoffman shot out into the river. He held on near a boathouse float, swam to it and held on until a policeman and the boatmen rescued him.

Hoffman told the policeman that he went through the sewer so fast he did not have time to look at the scenery."

FIRED ON SURVEYORS.

Trouble Between Railroad Builders Reported from Alaska.

Valdez, Alaska, Sept. 27—Forces of the Guggenheim railroad, the Copper river and Northwestern shot and wounded six surveyors and workmen employed by the Alaska-Nome railroad in Keystone Canyon, 15 miles from Valdez.

The party was making a preliminary survey for the Nome railroad, which is planned from Valdez to the summit.

They had advanced about 100 yards into the canyon when they were surprised by an ambush of the Guggenheim men headed by Edward Hassey, an ex-United States marshal. Hassey called to the surveyors and ordered them to stop, saying his men would shoot if any further advance was made. The surveyors believed Hassey was bluffing, and continued working. They were met by a fusilade of bullets.

SHOT INTO TROLLEY CAR.

Enraged Farmer Uses Gun and Eight Persons Were Injured.

Norfolk, Va., Sept. 27.—As a result of a boy jumping off a special trolley car filled with 57 employees enroute to their work and entering the watermelon patch of B. T. Powell, when the car stopped for signals at the Masons creek drawbridge, near the exposition grounds, the owner of the farm blazed away with a shotgun, the load entering the car and injuring eight persons.

The worst injured was Miss Mattie Graham who suffered also from the shock, and is now in the hospital on the exposition grounds.

A warrant of arrest has been sworn out against Farmer Powell.

Mrs. Jeter Donates $15,000.

Columbus, Ohio, Sept. 27.—Mrs. William H. Jeter, wife of the late Governor T. B. Jeter, of this state, has announced that she would donate the sum of $15,000 to the university of South Carolina, for the purpose of erecting an infirmary as a memorial to her nephew, the late A. Wallace Jeter, an alumnus of the university. The donation was accepted by the trustees.

CENTRAL MAY ADOPT RATE.

Hanson's Trip to Alabama Has Created This Impression.

Montgomery, Ala. Sept. 27—After his conference on Tuesday with President Hanson, of the Central of Georgia railway, Governor Comer was asked if the road was coming in and accept the rate laws of the state.

"Don't ask me any leading questions," was the reply, as the executive smiled in a satisfied way. "That is a little matter not to be discussed just now," he said later, or words to that effect.

However the impression is abroad in the land that the Central is "making eyes" at the situation. Men who keep a lookout for things to happen do not think that Major Hanson would journey over here at a busy time when he has a lot to watch out for in Georgia, and spend much of a day and take the time of his local representative, Major R. E. Steiner, and that of a busy governor just to talk about the crops and the weather. They say that there could have been no other thing to talk of than the rate situation.

A tip was quietly passed along the line that something is about to be doing with the Central, which has a large mileage in the state, and many believe that before the governor goes away to talk deep water matters with Teddy and a number of others at St. Louis and along the Father of Waters, there will have been completed an agreement by which the Western of Alabama and the Louisville and Nashville will be the only ones to be out of line with new state laws.

DROWNED IN TANK.

Envious Boys Thought to Have Caused Death of New York Lad.

are thought to have caused the boys are thought to have caused the drowning of Andrew J. Enovose a 6-year-old lad at his home in East Seventy-first street.

The child was sailing a home-made boat in the 4-foot tank on the roof of the building, which supplies it with water. With him were his little sisters and several other boys, three of them strangers.

The strange boys were racing pieces of bark in the tank and they became jealous because Andrew's boat beat their rude craft.

They demanded a chance to sail his boat and when he refused to give it up, they pushed him into the tank. His sister screamed and the trio ran away over the roof.

Andrew's mother and father dragged the boy from the bottom of the tank, but he could not be revived.

State College to Get $30,000.

Atlanta, Sept. 27.—Provision was made Wednesday by the trustees of the state university at a meeting held at the capitol, to secure $30,000 for the maintenance of the state college of agriculture at Athens during the coming year. Owing to the fact that the legislature was unable, on account of the press of business at its close, to make proper provision for the state college of agriculture, it became necessary for the trustees to make some arrangements whereby they could secure the necessary funds to tide the institution over until the legislature meets next summer when it will make the necessary appropriation. The fund of $30,000 which the university trustees have decided to provide for the agricultural college will be borrowed by the board.

Race Riot in Mississippi.

Hattiesburg, Miss., Sept. 27.—Reports reached here of a race riot near McLaurin station, 15 miles southeast of Hattiesburg on the Gulf and Ship Island railroad. Six negroes are said to have been killed and there is danger of further outbreak. The riot occurred at a small lumber settlemen where negroes had replaced white laborers.

Gordon Institte Paper Out.

Barnesville, Ga., Sept. 27—The initial number for the present term of the Crimson and White, the college paper issued by the student body of the Gordon institute, made its appearance Tuesday. It is a bright little sheet and reflects credit upon the editors and the institution from which it is issued.

NEW WORLD POWER

Russian Paper Refers to America's Growth as Sea Power.

MASTERY OF THE PACIFIC

Already Is Strong Enough to Attain It—Prediction Prevails That War Between the United States and Japan Is Inevitable.

St. Petersburg, Sept. 27—Secretary Taft's tour of the world is being followed with unusual interest here.

The government is taking measures to surround the journey through Siberia and European Russia with attentions usually reserved for the rulers of states and the press is busily speculating on the likelihood and advantages of a Russo-American convention, the object of Mr. Taft's visit to Russia being, it is alledged, to negotiate an agreement between the United States and Russia.

The conviction prevails here that a war between Japan and the United States is inevitable in the distant future.

The Novoe Vremya publishes an article entitled "The New World Power," picturing the marvelous growth of America as a sea power during President Roosevelt's administration, warning Russian diplomacy "not to be caught unawares by coming events" and adding 'the day when the United States fleet passes out of the straits of Magellan and sweeps proudly into the waters of the Pacific will open a new era for the eastern world."

Official courtesies and the temporary lull in war talk do not conceal the fact that America is reaching out for the mastery of the Pacific and already is strong enough to attain it.

HONEYMOON OVER.

Senator Beveridge and His Bride Have Returned from Europe.

New York, Sept. 27.—Without breaking any trans-Atlantic records, but bringing a remarkable number of prominent persons from Europe, the North German Lloyd steamship Kaiser Wilhelm II has arrived from Bremen and Cherbourg. Among the passengers were Senator Beveridge, of Indiana, who came home with his bride, whom he married in Berlin August last.

Senator Beveridge stated that he and Mrs. Beveridge, who was Miss Eddy of Chicago had spent their honeymoon in the Swiss mountains. The senator made a speech at the captain's dinner on the Kaiser II, but it was nonpolitical, and was devoted to subjects interesting to fellow-passengers.

Senator and Mrs. Beveridge said they would go at once to Indiana.

BLEW HEAD OFF.

Hayes Committeed Suicide at His Home in Tift County.

Tifton, Ga., Sept. 27.—Richard Hayes, a white man, about fifty years of age, living on W. W. Timmons' plantation, 9 miles north of Tifton, committed suicide Wednesday by blowing his brains out with a shotgun.

He was not a man of very bright mind, and for some time past had had periodical attacks of despondency, during which he threatened to kill himself, but had threatened no member of his family except one son.

Coroner Johns empaneled a jury and held an inquest, a verdict of suicide being returned.

Mayes leaves a widow and five children. He has lived in this section all his life.

Will Ask Rewards for Autoists.

Atlanta, Sept. 27.—Governor Smith has been asked to offer rewards for the arrest of J. D. Seigler of Chattanooga, chauffeur, and R. W. Ellis, of Jacksonville, Fla., who are wanted in Cateosa county on warrants charging them with the murder of J. H. Smith, a well known citizen of that county, who was killed as the result of a collision between an automobile and the wagon in which Mr. Smith was riding.

APPEAL TO GOVERNIR COMER.

Business Men of Alabama Do Not Want Extra Legislative Session.

Montgomery, Ala., Sept. 27.—The Birmingham Commercial Club has passed a resolution appealing to Governor Comer not to call a special session of the legislature next month, and the board of directors of the Commercial club of Montgomery took similar action.

The governor has announced that he would issue a proclamation early in October giving thirty days' notice of an extra session, which he says, "will ascertain who controls Alabama, the people or the railroads."

The resolutions passed by the business men of Montgomery and Birmingham declare that an extra session of the legislature will be hurtful to commercial interests and that it is doubtful if additional legislation is needed.

W. P. H. Harding, president of the First National bank, addressed the Birmingham meeting. He declared that the new laws and agitation of them had driven capital away from Birmingham and had hurt the industries of the state.

GEORGIA CLUB GETS CHARTER.

It Is the First Since Prohibition Law Was Passed.

Atlanta, Sept. 27.—Georgia Club is the name selected for the latest social organization to be launched in Atlanta.

A charter, the first since the prohibition law was enacted, and its subsequent attachment the tax act with a $500 tax on social clubs carrying lockers, was granted in open court by Judge W. D. Ellis, of the Fulton county superior court, Wednesday morning.

The incorporators of the new club are J. R. Golden, B. C. Crawford and George Foster.

The petition states that the club is to have no capital stock, but is to exist from the receipts of its members secured as initiation fees and dues. It asks for the right to sue and be sued, to contract or buy, sell and exchange property, make loans and the like. The principal object as named is to promote social intercourse. The home of the club is given at Atlanta.

STRANGE AND FATAL ACCIDENT.

Dinner Bell Fell on Woman's Head as She Rung It, Killing Her.

Bellefontaine, O., Sept. 27—Mrs. James Lawrence met death at her home near Waynesfield, in a most unusual manner.

She went to the yard where the bell hung, to ring the call for dinner for her husband and son, working in the fields, and while she was ringing it the bell broke loose from its fastenings and fell on her head and killed her instantly.

The husband and son found her dead form in the yard when they answered the bell in about 10 minutes and it was discovered that her neck had been broken.

Nursed Insane, Loses Own Mind.

Toledo, O., Sept. 27.—Her health undermined by years of service in caring for the sick and insane, Laura Spencer, a nurse, 64 years old, resorted to morphine to induce sleep. Then it began to lose its power and her mind became weakened. Feeling in herself the symptoms of insanity she had so often observed in others, Miss Spencer confided in two physicians with whom she had worked to relieve suffering humanity. They advised the asylum. As uncomplainingly as she had borne the wails of others, Miss Spencer accepted the banishment from society and she was committed to the state hospital for the insane.

Berry Is Given Six Year Term.

Columbia, S. C., Sept. 27—G. Raymond Berry, former superintendent of education of Marion county, this state, was sentenced to six years in the penitentiary and fined $100, having pleaded guilty to the charges of forgery and embezzlement. After committing the crimes for which he pleaded guilty, Berry went to Tampa, Fla., where he lived for some time under the name of E. H. Whitney. He was brought back to Marion only a few days ago.

WAS NIPPED IN BUD

A Conspiracy to Revolt Against U. S. Rule in Cuba.

BACKED BY EASTERN CAPITAL

Under Orders of Governor Magoon Number of Suspicious Persons Believed To Be Connected with Plot Have Been Shadowed.

Havana, Sept. 27.—A conspiracy to start a revolutionary movement in Cuba has been discovered. Under instructions issued by Governor Magoon a number of suspicious persons believed to be connected with the conspiracy have been shadowed for several days past. It is believed that the movement is backed by New York capitalists.

Magoon Knew of Plot.

Governor Magoon has been aware for several days past that certain individuals were conspiring against the government but he did not attach to the matter much importance owing to the fact that the Cuban rural guard and the American forces in the island had been so assigned as to be able to crush any such movement in a few hours' time.

The fact that Governor Magoon was cognizant of the conspiracy and the movements of the agitators seems to have served to suppress the threatened outbreak, and advices received by the government from all the provinces show that there is no ground at all for apprehension.

General Revolt Planned.

It is a fact that certain parties have been conspiring for the purpose of starting a revolution simultaneously in the exetreme eastern and the extreme western provinces of Cuba, and members of the secret police have shadowed a number of Cubans prominent politically who had taken leading parts in the revolutionary outbreaks.

If by any chance the revolutionary movement had started the rural guard backed by the American forces in the island, would have crushed it in the inception.

PRESENT LONG DELAYED.

But Ex-President Cleveland Gets His Box of Cigars.

New York, Sept. 27.—Felisberto C. Poes Leme, of Rio De Janeiro, who has arrived here in charge of a party of thirty Brazilian merchants and professional men who desire to visit the principal cities of the east to study American business methods, stated when he landed where ex-President Cleveland could be found.

"I have for Mr. Cleveland a box of the finest cigars that we make in Brazil," said he "which I promised to Mr. Cleveland twenty-four years ago I shall have to apologize, I fear, for the long delay in making good my promise, but I shall be forgiven, no doubt, when he lights the first cigar. I met Mr. Cleveland at that time when he was governor of New York, and I was impressed with the idea that he was the greatest man among Americans."

Dixie Doctors in Convention.

Birmingham, Ala., Sept. 27.—The morning session of the second day of the first annual convention of the Southern Medical association was devoted to the reading and discussion of scientific papers. The sections of surgery and medicine held a joint session over which Dr. W. F. Westmoreland, of Atlanta, presided. A barbecue was given the visiting physicians at the Country Club at noon by the Jefferson County Medical society, after which they went on a trolley ride around the district.

Infirmary Destroyed by Fire.

Wapakoneta, O., Sept. 27—The Auglaise county infirmary, costing $30,000 twelve years ago, was completely destroyed by fire Wednesday morning. All of the forty-eight inmates escaped without injury by the prompt rescue work of Strother Jones and William M. Singer, two farm hands who discovered the fire. The loss is $15,000 with $15,000 insurance.

"JUST FROM GEORGIA"

F. L. S. in Atlanta Constitution.

Literary Revenge.

"The heroine in your novel doesn't seem to have a mind of her own," said the critic to the author. "She doesn't speak out."

"That's where I get even," replied the author. "I've been three times married!"

An Autumn Note.

This is a republic. Why do the Georgia poets, many of them, place Autumn on "a throne of gold, with an imperial crown?" She looks a sight better reclining on a hillside ablaze with goldenrod, and combing her hair with a Georgia pine burr.

The Superstitious Author.

"No use trying to please that new author."

"What's the trouble?"

"Editor sent him $13 for a poem and $23 for a story, and he says that those figures are the limit of bad luck."

"Did he return the checks?"

"No; but he warned the editor to never let it occur again!"

Some Georgia Sayings.

Mighty few of us would want the earth if we had to split the rails to fence it in.

The country goes so fast it hasn't time to stop to ask itself where it's going to.

When you reach the hilltop don't forget your friends in the valley, for you may want 'em to give you a lift again when you come rolling down.

Ahead on Wood.

"The Wood Trust," says The Billville Banner, "don't hit hard in this neighborhood. The editor has ten acres in timber, and has just bought two good axes and a crosscut saw on the installment plan, and whenever we have a recess from the paper we get busy laying in our winter supply of firewood. Subscribers long in arrears can settle their accounts by helping us chop wood. Now is the time to settle up on easy terms!"

The Trust at Breakfast.

"What is my Government fine this morning?" asked the trust magnate, as he toyed with the breakfast bill of fare.

"Twenty millions," replied his secretary.

"Send them word at once that I can't see my way to meet it. My eyesight is failing. Only this morning, while taking a spin in my automobile, I ran over a cow and two ordinary human beings, and had to stop and apologize!"

"The Spirit of Home."

Joel Chandler Harris, in the current Uncle Remus's Magazine, writes of "Houses and Homes," and what he has to say, as he alone can say it, is infused with the very spirit and beauty of home. Hear the conclusion of the whole matter:

"You may be sure that the spirit of Home is not to be found in warehouses, nor in the auction shops, nor in the market places of the world. It is an external essence, with a fluency which fills every corner from cellar to garret, and give out its perfume even to the stranger that enters the door. And if you have ever had a whiff of this subtle perfume, count yourself fortunate among the children of men!"

If its a Reputation

You are after, White's Cream Vermifuge has a world wide reputation as the best of all worm destroyers, and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White's Cream Vermifuge. Sold by W. M. Johnson.

...chants of High Springs, was visiting relatives here this week. He owns a farm two miles southwest of Santa Fe with fifteen acres of pecan trees which have been bearing for four years. It is the finest grove in this vicinity.

Miss Jettie Futch of Haynesworth visited relatives here this week, the guest of Miss Alma Ellith.

BOUGHT PECAN GROVE.

Colson & Bowers Have Secured Fine Possession on Lake Santa Fe.

There was an important deal consummated in this city a day or two ago, when B. R. Colson and G. M. D. Bowers closed the trade by which they came into possession of twenty acres of fine land planted in pecan trees on Lake Santa Fe, near Waldo.

This trade was made with Dr. L. W. Murphy, owner of the property, who gave good reasons for selling. It is one of the finest budded groves in this section of the country, and the new owners are to be congratulated upon their possession.

DOCTORS PRESCRIBE SULPHUR.

But Sulphur Should Be Used in Liquid Form Only.

"Hancock's Liquid Sulphur is the most wonderful remedy for Eczema I have ever known," writes Dr. W. W. Lusk of Orlando, Fla., who was cured of a case of years' standing.

Dr. W. A. Heard of Maitland, Fla., was cured of Eczema after he had suffered for thirty years, and says: "Hancock's Liquid Sulphur is the finest remedy for all Skin troubles he has ever used or prescribed."

Doctors everywhere prescribe it, but they say sulphur should be used in liquid form only, as it is in Hancock's Liquid Sulphur.

Druggists sell it. Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

It cures all skin and scalp diseases, if used in connection with the wonderful Hancock's Liquid Sulphur Ointment.

An Informal Dinner.

An informal dinner was tendered by Mr. and Mrs. B. R. Colson on Thursday evening at their home on Alachua avenue, in honor of Miss Jessie Williams of Bartow, who is here on a visit to Miss Bowers.

This was an entirely informal affair, but was highly enjoyed. Those present were Misses Williams, Bowers and Pedrick, and Dr. R. C. Bowers and R. Dallas Bowers.

After dinner the evening was passed in a most pleasant manner, Miss Pedrick favoring her friends with some choice vocal selections.

A Prominent Visitor.

Hon. Henry W. Bishop of Eustis, a member of the State Republican Executive Committee, ex-mayor of Eustis and an all-round prominent citizen of that progressive town, was in the city for a few hours yesterday, being the guest of Hon. Henry S. Chubb.

Col. Bishop, who is a prominent lawyer, has done a great deal in the upbuilding of his section of the country. He has always been a promoter with the highest objects, and when Eustis was nothing but a spruce pine hammock he went there, advocated its advantages, and has materially aided in building the town to what it is.

Friday Morning's Fire.

Fire at 2 o'clock Friday morning played havoc with a new building being erected by Elliot Waters, a progressive colored citizen.

The building was being erected on North Arredondo street, and was not quite finished. It would have been a nice cottage, and ready for occupancy within the next two weeks.

The damage was not learned, but the destruction was complete, as the alarm was not turned in until the building was two-thirds destroyed.

The origin it is believed was incendiary.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. The location is good, but the condition the house has been a backset, which has been felt by everyone who entered the place.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1.00. Sold by W. M Johnson.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

THE UNION ACADEMY.

Institution for Colored People Will Open Next Monday Morning.

The Union Academy, which is the Gainesville school for the colored people, will open in due form on Monday morning, September 30, and all indications so far point to the best attendance ever shown in the history of the school.

Prof. T. E. DeBose, one of the best colored educators in the State, will have charge of the school. He will be assisted by Louis Artson, also a well-known and prominent colored teacher, and, with the faculty behind them, there is no doubt but that the next session of Union Academy will be one of prosperity and success.

In speaking of the school building and its surroundings Thursday, Prof. DeBose stated that everything was in readiness for a proper and successful opening. He said that the grounds had been put in good condition, the building had been repaired, and altogether everything was in first-class order.

Prof. DeBose, who has been the principal of the school for several years, is deserving of a great deal of credit for the excellent record made. He is a devoted leader of his profession, and never loses an opportunity to show his energy and ability to make a good school.

Prof. DeBose's assistant, Prof. Louis Artson, is also a good man, and has proved his ability as a teacher in the county. He has held good schools, and his character and knowledge should be worth something and gain him laurels among his race here.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CANNOT SOLICIT ORDERS.

There is a statute in Florida against soliciting orders for intoxicating liquors in dry counties or election districts. The whiskey dealers have frequently violated this law, and we have yet to hear of an arrest being made for such violation. The law is undoubtedly constitutional, however, as evidenced by a decision of the Supreme Court of the United States, in which it is held that parties representing liquor houses, breweries and distilleries cannot solicit orders in a town where it is prohibited from being sold by the State law, whether or not they are representing dealers in other States, who may ship under the interstate commerce laws.

The case at issue was that of Dilnitter vs. the State of South Dakota, and the Supreme Court holds that:

"The general power of the States to control and regulate within their borders the business or dealing in, or soliciting orders for the purchase of intoxicating liquors is beyond question.

"The purpose of the Wilson Act, 25 Stat. 713, as a regulation of interstate commerce was to allow the States to exert ample power as to intoxicating liquor when the subject of such commerce than could have been exercised before the enactment of that statute, which enabled the States to extend their authority as to such liquor shipped from other States before it became commingled with the mass of other property in the State by a sale in the original package.

"Since the enactment of the Wilson law, which expressly provides that intoxicating liquors coming into a State through manufactured therein, the owner of the intoxicating liquor in one State cannot under the commerce clause of the constitution go himself and send his agent, into another State, and in defiance of its laws, carry on the business of soliciting proposals for the purchase of such liquors.

"Although a State may not forbid a resident therein from ordering for his own use intoxicating liquor from another State, it may forbid the carrying on within its borders of the business of soliciting orders for such things, although such orders may only ripen into a contract resulting from final acceptance in another State. Rhodes vs. W. A. Vandercook Co. 170, U. S. 438, distinguished.

"The law of South Dakota imposing an annual license charged for sale, or soliciting orders for intoxicating liquors in quantities of less than five gallons is not unconstitutional because repugnant to the commerce clause of the constitution of the United States. The highest court of South Dakota, having held that the act of imposing a license on traveling salesmen soliciting orders for intoxicating liquors is a police regulation and not a taxing act, it is within the purview of, and not in conflict with the Wilson act. Fuget Brewing Co. vs. Crenshe, 198 U. S. 17, followed 104 N. W. Rep. 538 confirmed."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SERMONETTES

BY J. MARVIN NICHOLS.

"The world is my country, and to good is my religion." Even a creed like that marks a great and good man.

The drunk swore in court that his wife supported him. Many a fellow would testify to that if put under oath.

I just simply despise the chump that wants to be coddled all the time and expects people to tickle him under the chin.

Quit everlastingly playing to the galleries! Take more interest in doing your work than in what people may about it.

Somebody has said that the man who wields a big pen does humanity a nobler service than the man who wields a big stick.

The "busy" men who are growling about having no time to read ought to learn the trick of working up the waste ends of time.

Every great man has been a genius of solitude. The biography of the world draws that line of demarkation through the race of men.

When a man gives all he has—that is, himself—and then does all the good he can for his race, that man deserves immortality.

In the language of Wagner, ask nothing from the world but peace and the privilege of producing work which shall some day belong to it.

Ignore any theory of providence that makes God partial, or that makes him appear whimsical when dealing with a human heart born for a destiny.

When a man denies to another the right of his own opinion he at once enslaves himself. And what is more, there is a sense in which he foregoes his right to change his own opinion.

arrangements perfected for quick transfers to and from cars.

"With a view, therefore, of bringing to the attention of Southern boards of trade, business men and manufacturers, and all interested in our trade expansion, I beg to submit some data as to how much business the Central and South American ports are doing, who they are doing it with and the character of the exports and imports of these countries, and thus show the vast possibilities for commercial trade and development of markets for the products of Southern factories that can be opened in this territory from the United States, which in a marked degree adds much to the wealth and commercial importance of the South Atlantic and Gulf States.

"As an example of the wonderful growth in trade of that section the following figures are significant."

There follows a list of countries and figures that are extremely interesting. They show conclusively the business that awaits the completion of the F. E. C. railway to Key West, an undertaking that is sure of completion as soon as conditions will permit.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

Cures Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Caught Near Scene of Crime.

Baxley, Ga., Sept. 27.—Will Steyens, alias Manning Brown, who, it is said recently criminally assaulted Mrs. Lizzie Overstreet, near Surrency, in this county, was arrested on Wednesday by a turpentine firm by the name of Smith & Rosierat, at New Lacey, on the Atlanta, Birmingham and Atlantic railroad, within 20 miles of the scene of the crime, and he and an alleged accomplice have been carried to Macon jail for safekeeping.

Railroad Agent for 26 Years.

Crawfordville, Ga., Sept. 27.—W. Holden who has been agent of the Georgia railroad at this place for the past 26 years, has tendered his resignation. His father was agent here from 1872 to 1881, when his son W. O. Holden, was appointed. The father and son held the position continuously for 35 years.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

DRAMATIC SCENE IN COURT.

"You Scoundrel," Said Mother, "You Killed My Child!"

Bristol, Tenn., Sept. 27.—The defense in the case of Ackk Hale, charged with the murder of Lillie Davis on trial in the circuit court at Blountsville, began the introduction of witnesses Thursday morning. Most all of the witnesses summoned for the defense are women. It is not thought their testimony will be strong enough to break the chain of circumstantial evidence brought by the prosecution.

The session of the trial came to a dramatic climax, when Mrs. J. W. Davis, mother of the dead girl, as a witness for the prosecution, arose, and pointing a finger of scorn at the prisoner, who sat pale and wan, shouted:

"You scoundrel, you killed my child, and you know I know you did!"

At this she collapsed and was carried from the court room.

John Bruner testified that he saw Hale hold the girl and pour whisky down her throat shortly before she was found dying.

Several witnesses told of having seen Hale abuse and whip the girl shortly before her death, and some little children saw him practically force her into the cemetery, where Hale says she committed suicide with his pistol.

There was no eyewitness to the affair.

BRUIN'S TRACKS

Show that He was on the Way to Meet Roosevelt.

Simmsport, La., Sept. 27.—If Messrs. John M. Parker and John McIlhenny would have President Roosevelt come to Simmsport they would be more successful in their bear hunt. Bruin passed on the streets of this town the other day before the local hunters arose from their slumbers, as was evidenced by the tracks of a large bear in the streets. He was going in a northerly direction, and possibly was on the way to the swamps of East Carroll Parish to await the coming of the presidential party.

Provender for Bruin Hunters.

Lake Providence, La., Sept. 27.—Things are moving along smoothly in preparation for the bear hunt of President Roosevelt next month, near here. Two wagon loads of provisions went to the camp from Alsatia station. The guides report good progress in getting ready for the great bear hunt. All arrangements have been completed for dogs, horses, etc.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.
